

# Rhode Island Clean Energy Internship Program

Currently Looking for an Intern?

Involved in the Clean Energy Industry?

Discover Young and Talented Professionals with this Program!

**12 Week Duration Undergraduate/Graduate Students Paid**

The Rhode Island Clean Energy Internship Program is a new pilot program offered through the Renewable Energy Fund at Commerce RI and the Rhode Island Office of Energy Resources focused on increasing real world student learning opportunities in the clean energy sector. Applicants will be competitively selected to the best fit host company.

To participate as a Host Employer, please complete the following application form. This form must be completed entirely in order to be processed. Applications are due by April 12, 2019.
