

## **Strategic Plan**

The Rhode Island Industrial Facilities Corporation (the "Corporation") shall make its services known to the business community through the following processes:

1. At least once per year establish an in-house presentation made available to all members of the business community setting forth clearly and concisely the programs available to the Corporation and in connection with the Corporation's affiliates, such as the Rhode Island Industrial-Recreational Building Authority and the Small Business Loan Fund Corporation;
2. Set forth the availability of such programs on the Corporation's website; and
3. Initiate calling and site visits by officers and representatives of the Corporation to introduce individual businesses to the potential benefits of the Corporation's programs and financings.

Once applications have been made to the Corporation for tax-exempt or taxable financings, staff will work with legal counsel and borrowers as well as lending institutions, as applicable, to expedite such financings and to carry out such financings efficiently on an appropriate timeline and at a reasonable cost.
