

Summer 2021 Clean Energy Internship Program: Student Application

Applications Due: April 16, 2021

Rhode Island's clean energy industry has seen significant employment growth with an impressive 72% increase since 2014. Over 15,800 green jobs ranging from direct construction, engineering, research, policy, professional services, energy efficiency and more!

The RI Clean Energy Internship Program is designed to help provide internship opportunities in these careers. Students will be able to develop professional skills under the mentorship of an industry partner to combat real world problems in energy and the environment.

Eligibility & Requirements:

- A student applicant must demonstrate being currently enrolled (or have documentation of a graduation date on or after May 2020) in a college or university in Rhode Island. If the college or university is located outside of Rhode Island, proof of residency must be verified.
- An applicant must be returning to their undergraduate program or entering a graduate program in Fall 2021.

How to Apply:

Applicants must complete and submit all application materials electronically to the Renewable Energy Fund by the application deadline – April 16, 2021.

Submit completed applications to:

ref@commerceri.com

Application Packets must include the following:

- Completed Student Intern Application Form
- One-Page Cover Letter
- Resume
- Current Unofficial Transcript

Student Intern Application Form
