

REQUEST FOR PROPOSAL

For: Technical Assistance and Training Services to Small Businesses Impacted by the COVID Health Pandemic

The Rhode Island Commerce Corporation (“Corporation”) seeks proposals from qualified proposers (“Proposers”) to provide technical assistance and training services to assist small businesses impacted by the COVID-19 health pandemic, including assisting such businesses to complete applications for funding under the SBA Payment Protection Program (“PPP”) and other state and federal assistance programs and resources to small businesses impacted by the COVID-19 health pandemic.

This document constitutes a Request for Proposal (“RFP”), in a competitive format, from Proposers. This request is an offer by the Corporation to underwrite, in accordance with the terms and conditions of this RFP, the services proposed by the successful Proposer(s), by contract.

Proposers to this RFP shall provide a proposal, in accordance with the terms and conditions set forth herein, to provide all or part of services to the Corporation as described in the Scope of Work.

Project Overview

The Corporation is seeking multiple Proposers to provide technical assistance and training services, on an on-call basis, to small businesses impacted by the COVID-19 health pandemic, including potential applicants for funding under the PPP and other state or federal programs or resources, with the goal being to drive successful participation in these programs.

The PPP loan program helps small businesses keep their workforce employed during the COVID-19 health pandemic. The PPP loan portal system accepts loan applications from participating local banks and lenders, and Community Financial Institutions, including Community Development Financial Institutions, Minority Deposit Institutions, Certified Development Companies, and Microloan Intermediaries.

The PPP is a loan designed to provide an incentive for small businesses to keep their workers on the payroll. SBA will forgive loans if all the employee retention criteria are met and the funds are used for eligible expenses.

Scope of Work

To assist small businesses negatively affected by the COVID-19 health pandemic, the Corporation is seeking Proposers to provide technical assistance and training services to such small businesses to help them receive funding under the PPP and other state and federal programs. Such, technical assistance to include, but not be limited to the following:

- Providing grant and loan application assistance, including guidance on funding protocols and documentation needed to submit successful applications;

- Developing and/or revising business plans to increase revenue/cash-flow, optimize market opportunities, and support job creation;
- Assessing level of technology and digital proficiency and actively working with enterprises to identify and implement strategies to leverage technology solutions;
- Providing guidance on operational efficiencies, accounting systems, employee relations, and other operational matters;
- Providing guidance and support for new product/service development, diversification, repositioning, and legal entity formation;
- Ensuring companies are aware of, understand, and have strategies to comply with re-opening policies;
- Assisting companies in navigating and understanding compliance requirements related to COVID-19 loan, grant and assistance programs;
- Providing guidance to businesses whose applications for financing are rejected by educating them on other loans, grants and opportunities or ways to improve credit scores and credit worthiness;
- Developing and deploying a robust marketing program to promote awareness and accessibility of business assistance resources and when required utilizing multilingual content which meets the needs of impacted Rhode Island businesses and ensuring language used in materials is culturally appropriate; and
- Offering other services or assistance that meet the needs of small businesses impacted by the COVID-19 health pandemic.

Qualifications

Proposers should have demonstrated experience relevant to the specific activities they propose (*e.g.*, technical assistance, financial planning, e-commerce, or other proposed technical services, especially to small and very small businesses, including minority-owned businesses). Proposers should further demonstrate a plan to complete the project described in the Scope of Services in a manner consistent with the Project Timeline.

Experience with state and federal grant and/or loan programs or federal funding requirements is preferred but not required.

In addition, Proposers should describe the methodology they will use to screen businesses for eligibility to receive services in order to ensure compliance that expenditures be specific to assistance provided to businesses impacted by the COVID-19 health pandemic.

Project Timeline

Understanding that time is of the essence, the Proposer shall set forth in detail the expected timeframe to develop and implement the programs identified in the scope of work. It is anticipated that all work associated with the PPP must be completed on or before May 31, 2021, unless the period is extended by federal law.. Technical Assistance related to other programs may continue beyond that date on an on-call basis.

Budget

Proposers to this RFP shall provide an hourly rate proposal for providing the services set forth in this RFP. Rate tables should include the job title for each rate quoted. If the applicant has received other federal coronavirus funding, it must disclose the amount and source of that funding in the

budget and detail how these funds would be spent differently or meet the needs unaddressed by the prior allocation.

More specifically, under the CARES Act, only direct costs are allowable, and only if:

- They are necessary expenditures incurred due to the COVID-19 public health emergency;
- They were incurred during the time period beginning at the start of the period of performance and ending December 31, 2021 (note the ending date may be extended in the Corporation’s discretion for non-CARES Act funded programs or if the CARES Act is extended);
- For purposes of this grant funding announcement, expenditures must be specific to the provision of technical assistance to businesses adversely affected by the COVID-19 health pandemic and addressing those adverse effects.

Examples of eligible direct costs include existing staff providing COVID-19 related technical assistance; new staff hired to provide COVID-19 related technical assistance; contractors hired to augment existing capacity by providing professional services (legal, tax, bookkeeping, human resources, online marketing, web development, etc.) to support businesses addressing COVID-19 impacts, language or translation services necessary to meet the needs of targeted businesses. Staffing or consulting costs should be at or near the median for similar services within the geographic area. Indirect costs are not allowed.

Selection Process of Vendors and Criteria

The Corporation anticipates selecting multiple Proposers. It is anticipated that funding for this program will be from the state’s allocation of CARES Act funds or other federal funding sources. Selection of vendors is contingent on the availability of funding. Proposals that are determined to be qualified will be placed on a list of qualified vendors who may be retained on an on-call, as-needed, basis.

Responsive proposals to this RFP will be evaluated according to the Evaluation Criteria outlined below. Designated Corporation staff or selected advisors will evaluate the written proposals and Proposers will be selected competitively. The Corporation may at any time during the evaluation process seek clarification from Proposers regarding any information contained within their submission. Final scores for each Proposer will reflect a consensus of the evaluations.

NOTE: Designated Corporation staff or selected advisors will evaluate the written proposals. The Corporation may at any time during the evaluation process seek clarification from Proposers regarding any information contained within their proposal. 1. ISBE Participation Evaluation (see below for scoring)

- a. The Rhode Island Commerce Corporation encourages MBE/WBE/DisBE participation in this Request. In accordance with Title 37, Chapter 14.1, and Title 37, Chapter 2.2 of the Rhode Island General laws, the Corporation reserves the right to apply additional consideration to MBE/WBE/DisBE up to six (6) additional points in the scoring evaluation as provided below:
- b. Calculation of ISBE Participation Rate
 - i. ISBE Participation Rate for Non-ISBE Vendors. The ISBE participation rate for non ISBE vendors shall be expressed as a percentage and shall be calculated by dividing the amount of non-ISBE vendor's total contract price that will be subcontracted to ISBEs by the non-ISBE vendor's total contract price. For example, if the non-ISBE's total contract price is \$100,000.00 and it subcontracts a total of \$12,000.00 to ISBEs, the non-ISBE's ISBE participation rate would be 12%.
 - ii. ISBE Participation Rate for ISBE Vendors. The ISBE participation rate for ISBE vendors shall be expressed as a percentage and shall be calculated by dividing the amount of the ISBE vendor's total contract price that will be subcontracted to ISBEs and the amount that will be self-performed by the ISBE vendor by the ISBE vendor's total contract price. For example, if the ISBE vendor's total contract price is \$100,000.00 and it subcontracts a total of \$12,000.00 to ISBEs and will perform a total of \$8,000.00 of the work itself, the ISBE vendor's ISBE participation rate would be 20%.
- c. Points for ISBE Participation Rate:
 - i. The vendor with the highest ISBE participation rate shall receive the maximum ISBE participation points. All other vendors shall receive ISBE participation points by applying the following formula:

(Vendor's ISBE participation rate ÷ Highest ISBE participation rate X Maximum ISBE participation points)

For example, assuming the weight given by the RFP to ISBE participation is 6 points, if Vendor A has the highest ISBE participation rate at 20% and Vendor B's ISBE participation rate is 12%, Vendor A will receive the maximum 6 points and Vendor B will receive $(12\% \div 20\%) \times 6$ which equals 3.6 points.

See Appendix A for information and the MBE, WBE, and/or Disability Business Enterprise Participation Plan form(s). Bidders are required to complete, sign and submit these forms with their overall proposal in a sealed envelope.
