ENGAGING WITH A SMALL BUSINESS

How do I get matched to a small business?

The HUB will match a small business client (CLIENT) with a pre-qualified qualified VENDOR who offers the required services. The matching process will be as follows:

- **STEP 1:** A small business applies for technical assistance support through the RI Rebound Technical Assistance Program “Small Business Application.” This is a separate online application managed by RI Small Business HUB. Small businesses, referred to as the “CLIENT,” will indicate the technical assistance support needed.
- **STEP 2:** A HUB staff member will have an initial intake meeting with the CLIENT to review their technical assistance needs. During that meeting, the CLIENT will create a list of tasks they would like completed for technical assistance.
- **STEP 3:** Based on the initial assessment, Skills will select 3 potential VENDORS. The selected VENDORS will respond with cost, and time to complete the Statement of Work.
- **STEP 4:** A HUB staff member will select the VENDOR based upon lowest cost, and factoring in time to complete the project if relevant.
- **STEP 5:** There will be a meeting to finalize/review the Statement of Work with the CLIENT, VENDOR, and HUB. If agreed to by all parties, the Statement of Work will be executed by all three parties.
- **STEP 6:** The approved VENDOR Statement of Work will become part of the Service Agreement, which constitutes a valid, legally binding contract with terms of payments to the VENDOR.

What if the cost of my services is more than the \$10,000 allotted to a small business?

Each eligible small business is entitled to technical assistance valued at up to \$10,000. If the services a business requires are greater than \$10,000, there are a few things that can be done:

- The HUB will work with VENDORS to review the services requested and pare down the Statement of Work (SOW) to fit the \$10,000 budget.
- The CLIENT may be able to access additional free services from the Small Business HUB or from one of its networked partners if services are available. These options will be explored at the time of developing the Statement of Work.
- The CLIENT may be eligible for other municipal, state, or federal funding. These options will be explored at the time of developing the Statement of Work.

The HUB will ensure whatever decision is made, it will be approved by both the VENDOR and the CLIENT prior to starting any work.

How will I get paid for my services once completed?

Once a service has been completed based on the Statement of Work, you will be required to submit an invoice to the HUB via email at risbHUB@skillsforri.com. We will review the invoice within 5 business days and contact the CLIENT to request a signed attestation indicating that all services in the invoice were provided in alignment with the approved Statement of Work. VENDORS will receive a check from Skills for Rhode Island's Future within 30 business days of completing the service.

Is there a cap on the amount I can receive through services provided by RI Rebounds Technical Assistance Program?

Yes. VENDORS can earn up to a maximum amount of \$100,000 by providing technical assistance to small businesses through the RI Rebounds program. If your business is not registered with SAM.gov, your maximum amount will be \$50,000.

Whom do I contact if the small business CLIENT I am working with is unresponsive?

Please contact the HUB at risbHUB@skillsforri.com or call 401-BIZ-2222 (401-249-2222).
