

**REQUEST FOR PROPOSAL
RFP #: RFP-2332**

For: Community Development Financial Institution Planning Support

The Rhode Island Commerce Corporation (“Corporation”) seeks proposals from consultants to (1) identify potential gaps and barriers in the current development financing landscape, particularly as pertains to very small businesses and businesses owned by socially and/or economically disadvantaged individuals; and (2) propose ways to bridge these gaps, including, but not limited to, the establishment of a Community Development Financial Institution (“CDFI”).

This document constitutes a Request for Proposal (“RFP”), in a competitive format, from qualified firms. This request is an offer by the Corporation to underwrite, in accordance with the terms and conditions of this RFP, the services proposed by the successful firm, by contract.

The respondents (“Proposers”) to this RFP shall provide a proposal, in accordance with the terms and conditions set forth herein, to provide the services to the Corporation that are described in the Scope of Work.

Project Overview

The purpose of this RFP is to support the Corporation in determining the need for a CDFI and a strategically viable structure of a CDFI in the State . Through past research, the Corporation has determined that there is a need in the State for increased access to capital for small businesses, especially for very small businesses (“VSBs”) and businesses owned by socially and/or economically disadvantaged individuals (“SEDI”). However, the Corporation has not yet determined the best strategic course of action to alleviate that issue. Through this project, the successful proposer will detail the specific access to capital needs in Rhode Island and create a clear set of recommendations on the most expeditious, inclusive, and effective strategy to increase capital access opportunities for VSBs and SEDI-owned businesses.

Background

As a quasi-public agency, the Corporation is the official full-service, economic development organization for the state of Rhode Island. The Corporation works with public, private and nonprofit partners to create the conditions for businesses in all sectors to thrive and to improve the quality of life for our residents by promoting the State’s long-term economic health and prosperity.

The Corporation manages several small business capital access programs, including the State Small Business Credit Initiative (“SSBCI”), Small Business Assistance Program (“SBAP”), and the Small Business Loan Fund (“SBLF”). The Corporation also partners with local lenders to ensure a robust set of capital access options for businesses at varying sizes and levels of bankability. However, recent research has identified gaps in these options. The Corporation

seeks to understand these gaps and the most advantageous way to fill them for the State's VSBs and SEDI-owned businesses.

Scope of Work

To achieve the goals outlined in the section above, the selected Proposer will be required to complete the following objectives:

Task 1: Complete a landscape analysis of access to capital in Rhode Island

- Use information from [*Ocean State Accelerates*](#) (the State's economic development plan), as well as other existing reports, plans, program descriptions, and research materials to create a comprehensive access to capital landscape across Rhode Island. This landscape analysis shall include, but not be limited to:
 - Current CDFIs operating in and based in Rhode Island, their portfolio, track record, size, and current lending capacity.
 - Current landscape and capital access needs of VSBs and SEDI-owned businesses in the State.
 - Recent internal assessments of Rhode Island's capital access landscape, to be provided by the Corporation.

Task 2: Undertake stakeholder engagement and qualitative data review

- Create set of targeted survey questions to further understand the need for CDFI capacity in Rhode Island. Questions will support a comprehensive understanding of:
 - Utilization of existing development finance tools and gaps in Rhode Island's development finance toolbox;
 - Risk tolerance philosophy and policies;
 - Priority development areas and investment opportunities;
 - Organizational elements;
 - Leadership structures;
 - Budget trends and forecasts;
 - Legislative opportunities and constraints;
 - Local and regional economic goals;
 - Existing and potential partnerships; and
 - Stakeholder support.
- Conduct at least 10 interviews and 3 focus groups with key stakeholders jointly selected by the Proposer and the Corporation to better understand and identify challenges and opportunities related to a) access to capital in Rhode Island generally, b) the creation and/or expansion of CDFI capacity in Rhode Island, and c) the creation and/or expansion of CDFI capacity to focus on VSB and SEDI-owned business support.

This work can be done either virtually or in person.

Task 3: Create preliminary findings report and landscape map

- Develop a landscape map of available access to capital programs in Rhode Island as well as their strengths and weaknesses.
- Synthesize feedback and findings from interviews and focus groups as well as from analysis of quantitative data and previous reports into a preliminary report identifying any potential gaps where there is an opportunity for expanded access to capital capacity. Define the parameters of those gaps and make recommendations on the best (most efficient, cost effective, and community responsive) way to fill gaps.

- Present initial findings to the Corporation in written format; receive and intake feedback and direction from the Corporation on the final recommendations and plan—whether that be establishment of a new CDFI, expansion of a current CDFI, recruitment of an existing CDFI from outside of state into state, or another option

Task 4: Finalize plan and recommendations

- Develop an access to capital development plan that provides recommendations and a roadmap for build out of a specific access to capital effort as determined by the Corporation in task 3 above. This plan shall include:
 - Recommended programmatic, operational, and governance structures
 - Possible sources of capitalization funds
 - Implementation timeline
 - Sustainability plan
 - Budget
- Receive and incorporate one round of edits and feedback from the Corporation on this plan before submitting final version.
- Formally present final plan to the Corporation and additional stakeholders/partners as determined by the Corporation; be prepared to answer any questions around decisioning, processes, and recommendations in the plan.m

1. ISBE Participation Evaluation (see below for scoring)

- a. The Rhode Island Commerce Corporation encourages MBE/WBE/DisBE participation in this Request. In accordance with Title 37, Chapter 14.1, and Title 37, Chapter 2.2 of the Rhode Island General laws, the Corporation reserves the right to apply additional consideration to MBE/WBE/DisBE up to six (6) additional points in the scoring evaluation as provided below:
- b. Calculation of ISBE Participation Rate
 - i. ISBE Participation Rate for Non-ISBE Vendors. The ISBE participation rate for non ISBE vendors shall be expressed as a percentage and shall be calculated by dividing the amount of non-ISBE vendor's total contract price that will be subcontracted to ISBEs by the non-ISBE vendor's total contract price. For example, if the non-ISBE's total contract price is \$100,000.00 and it subcontracts a total of \$12,000.00 to ISBEs, the non-ISBE's ISBE participation rate would be 12%.
 - ii. ISBE Participation Rate for ISBE Vendors. The ISBE participation rate for ISBE vendors shall be expressed as a percentage and shall be calculated by dividing the amount of the ISBE vendor's total contract price that will be subcontracted to ISBEs and the amount that will be self-performed by the ISBE vendor by the ISBE vendor's total contract price. For example, if the ISBE vendor's total contract price is \$100,000.00 and it subcontracts a total of \$12,000.00 to ISBEs and will perform a total of \$8,000.00 of the work itself, the ISBE vendor's ISBE participation rate would be 20%.
- c. Points for ISBE Participation Rate:
 - i. The vendor with the highest ISBE participation rate shall receive the maximum ISBE participation points. All other vendors shall receive ISBE participation points by applying the following formula:

(Vendor's ISBE participation rate ÷ Highest ISBE participation rate X Maximum ISBE participation points)

For example, assuming the weight given by the RFP to ISBE participation is 6 points, if Vendor A has the highest ISBE participation rate at 20% and Vendor B's ISBE participation rate is 12%, Vendor A will receive the maximum 6 points and Vendor B will receive $(12\% \div 20\%) \times 6$ which equals 3.6 points.
