

Innovation Voucher Public Summaries

January 22, 2024

KT Innovations, LLC | Warwick | \$75,000 | Manufacturing Innovation Voucher | With this innovation voucher, the company will develop and prototype an ergonomically designed and well-fitted external catheter utilizing a bi-axial braided silicone, in various sizes. They will beta test the prototypes in two rounds of human factor testing.

Concordia Manufacturing, LLC | Coventry | \$60,000 | Manufacturing Innovation Voucher | With this innovation voucher, Concordia will develop a proprietary chemistry application to connect to the yarns in order to alleviate supply chain limitations and allow the company to meet current and future demand.
