This document constitutes a Request for Proposal (“RFP”), in a competitive format, from qualified firms. This request is an offer by the Corporation to underwrite, in accordance with the terms and conditions of this RFP, the services proposed by the successful firm(s), by contract.

The respondents (“Proposers”) to this RFP shall provide a proposal, in accordance with the terms and conditions set forth herein, to provide the services to the Corporation that are described in the Scope of Work.

Project Overview

The objective of this RFP is to solicit proposals from qualified vendors to create a model, conduct an analysis, and produce reports for measuring the economic impact model of travel and tourism to the State of Rhode Island.

Background

A quasi-public agency, the Corporation serves as a government and community resource to help streamline the business expansion in, and relocation to, Rhode Island. It assists companies with, among other things, commercial real estate, business financing, workforce training, and Tourism Industry Performance measurement.

Scope of Work

The Corporation seeks a vendor to create an economic impact model for measuring the economic impact of travel and tourism in the state which can be updated annually. The economic impact model should incorporate a consistent methodology that communicates the value of the tourism industry to the State of Rhode Island that can be tracked over time at the State and regional levels.

The economic impact analysis of Rhode Island’s travel and tourism sector should include, but not be limited to, the following:

- Visitor volumes by major segment (domestic business/leisure, domestic day/overnight) from a syndicated survey provider as well as international volume estimates.
- Direct travel spending in Rhode Island with breakout of spending by visitor segment

(domestic/international, business/leisure, day vs. overnight) and by spending category (lodging, recreation, food & beverage, transportation, shopping, etc.)

- Indirect and induced impacts on business activity and gross State product.
- Direct, indirect, and induced employment supported by travel.
- Direct, indirect, and induced travel generated payroll income in Rhode Island.
- Contribution of travel on federal, state, and local tax receipts with detail by type of tax.
- Regional report will break out the contribution of tourism impact by geographic tourism regions, including:

1. Blackstone Valley, inclusive of East Providence
2. Block Island
3. Newport & Bristol County
4. Providence
5. Warwick
6. South County
7. East Bay (Bristol County)

Methodology

Responses to the RFP must include the following:

- A description of the research methodology and model to be used in final report.
- A description of the type of economic impact model that the Proposer will use to measure the economic impact of traveler spending in Rhode Island and corresponding data sources.
- An explanation of why this model provides the most accurate and reliable estimates of visitors' spending and economic impact of travel and tourism at the State level.
- Details on how the Proposer will include visitors spending data provided by Rhode Island to Proposer i.e. sales tax, hotel tax, or other similar data.
- Details on how regional analyses will be conducted and what data sources will be used.
- A description of workflow processes and proposed timelines to meet project evaluation dates.
- A schedule, timeline, and anticipated deliverables, assuming a project timeline of 30-45 days, commencing upon execution of a contract.
- A description of the work required/responsibility of the Corporation's staff.
- Any other information that the Proposer believes is relevant to this project.

The economic impact study will include a report on the economic impact of travel to Rhode Island for the calendar year of 2024 and should provide comparable data for the previous four years. The successful Proposer(s) will enter a one-year contract for services with the Corporation, with the ability to renew for one additional year if agreed upon by both parties.

The methodology developed shall be detailed in the appendix of the final report in language that can be clearly understood by non-technical readers. The Proposer shall notify the Corporation, in writing, if there are any concerns with data sources or any other issues with the methodology and recommend solutions prior to the due date for each deliverable based on the timeline agreed upon by all parties.

Qualifications

Proposers shall have a combined understanding of the travel sector with proven economic tools and experience to answer the most important questions facing Rhode Island's travel industry. Proposers must demonstrate how their product and services will assist the Corporation to make better marketing, investment, and policy decisions. Proposers must provide successful examples of similar projects.

Project Timeline

The successful Proposer(s) will enter into a contract for services with the Corporation. The duration of the initial contract between the Corporation and the successful Proposer is expected to begin upon the date of contract approval and be completed within 90 days.

Budget

- Details on any expense or out-of-pocket costs anticipated with this project.
- Detailed project pricing.
- The cost to provide five years' historical data for whichever methodology the Proposer proposes to estimate visitor spending and the economic impact of travel and tourism in Rhode Island.
- Include data costs from syndicated domestic travel data provider(s)

The Corporation reserves the right to adjust both the budget and related services.

In addition to showing how you will meet the requirements outlined above, Proposers should also provide information regarding the following:

- **Research & Analytics:** Provide an overview of how you determine success. What are the analytic tools or services that you use, and what type of information will you be reporting back to the Corporation as it relates to meeting our objectives?

1. ISBE Participation Evaluation (see below for scoring)

- a. The Rhode Island Commerce Corporation encourages MBE/WBE/DisBE participation in this Request. In accordance with Title 37, Chapter 14.1, and Title 37, Chapter 2.2 of the Rhode Island General laws, the Corporation reserves the right to apply additional consideration to MBE/WBE/DisBE up to six (6) additional points in the scoring evaluation as provided below:
- b. Calculation of ISBE Participation Rate
 - i. ISBE Participation Rate for Non-ISBE Vendors. The ISBE participation rate for non ISBE vendors shall be expressed as a percentage and shall be calculated by dividing the amount of non-ISBE vendor's total contract price that will be subcontracted to ISBEs by the non-ISBE vendor's total contract price. For example, if the non-ISBE's total contract price is \$100,000.00 and it subcontracts a total of \$12,000.00 to ISBEs, the non-ISBE's ISBE participation rate would be 12%.
 - ii. ISBE Participation Rate for ISBE Vendors. The ISBE participation rate for ISBE vendors shall be expressed as a percentage and shall be calculated by dividing the amount of the ISBE vendor's total contract price that will be subcontracted to ISBEs and the amount that will be self-performed by the ISBE vendor by the ISBE vendor's total contract price. For example, if the ISBE vendor's total contract price is \$100,000.00 and it subcontracts a total of \$12,000.00 to ISBEs and will perform a total of \$8,000.00 of the work itself, the ISBE vendor's ISBE participation rate would be 20%.
- c. Points for ISBE Participation Rate:
 - i. The vendor with the highest ISBE participation rate shall receive the maximum ISBE participation points. All other vendors shall receive ISBE participation points by applying the following formula:

(Vendor's ISBE participation rate ÷ Highest ISBE participation rate X Maximum ISBE participation points)

For example, assuming the weight given by the RFP to ISBE participation is 6 points, if Vendor A has the highest ISBE participation rate at 20% and Vendor B's ISBE participation rate is 12%, Vendor A will receive the maximum 6 points and Vendor B will receive $(12\% \div 20\%) \times 6$ which equals 3.6 points.
